

## Step into Bunker!

Tis the season for delicious food, flowing drinks and all night long festivities!

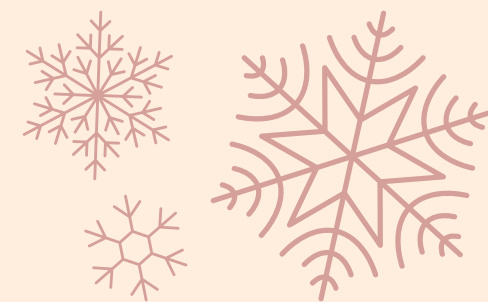

All that and more when you book with us!

Whether it's for your staff Christmas party or you're just trying to get the plans to make it out the group chat – we can tailor your night so it's the exact vibe you're looking for!

*We, at Bunker,  
are here to help.*

# *Santa? I Know Him!*

**We at Bunker have been doing this a long time (a decade!),**

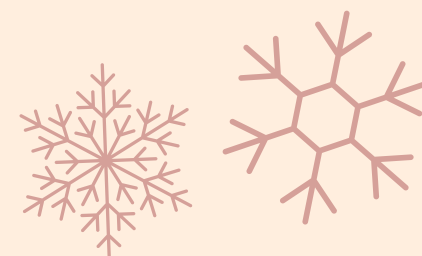

**so you know that you can trust us to bring the tipples, the treats and the tinsel!**

We know that everyone does Christmas differently, so we have a range of options to cover the naughty and the nice!

From a luscious 3 course festive meal to a booth and drinks package to enjoy into the wee small hours – Bunker has you covered! All that's left for you to do is eat, drink and be merry!

# All the Trimmings

**When it comes to a festive feast,  
we know we'll be your type on paper!**

Our chefs have created an enticing menu that will suit the picky eaters of the group (no judgement here!) as well as those looking for something more refined! Choose from our 2 course menu, 3 course menu or festive platters. Then let us know any dietary requirements, allergies

or preferences so that we can tailor it for your groups exact wants and needs! Even Karen won't have anything to complain about! Feeling thirsty? The mistletoe is by the entrance! And if that doesn't work, we have drinks packages to get the festivities started!
